## LABOR SAVING AND SAFE OPERATION:

Thanks to the multidimensional design of **Aerowerks** clean dish table. You will achieve major savings in power needs and costs.

**Aerowerks**: provides 180 roller clean dish table to increase accumulation of dish racks in a limited space. 180 roller table with 36" radius turn is an ideal option to utilize floor space. We can gain 1' space by using 30" radius roller table than our traditional 36" radius roller table.

Smooth functioning of **Aerowerks** Clean Dish Table helps the operator Working in the dish room not to Worry about clean end.

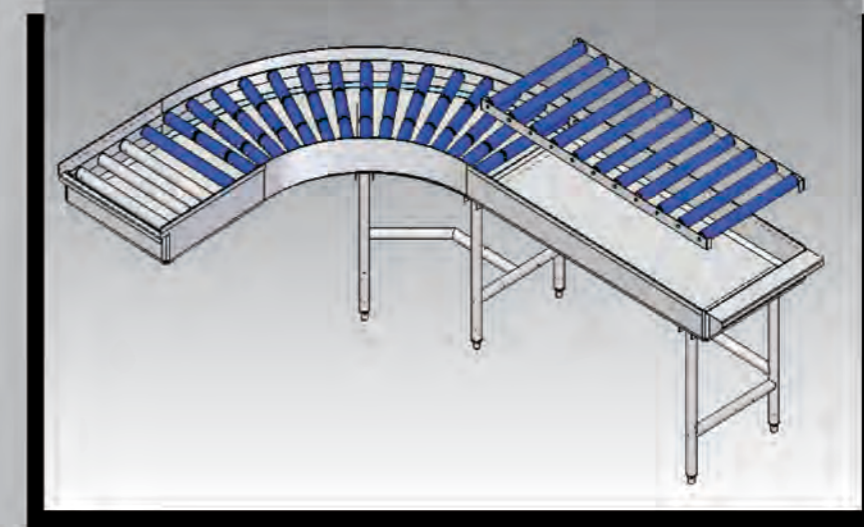

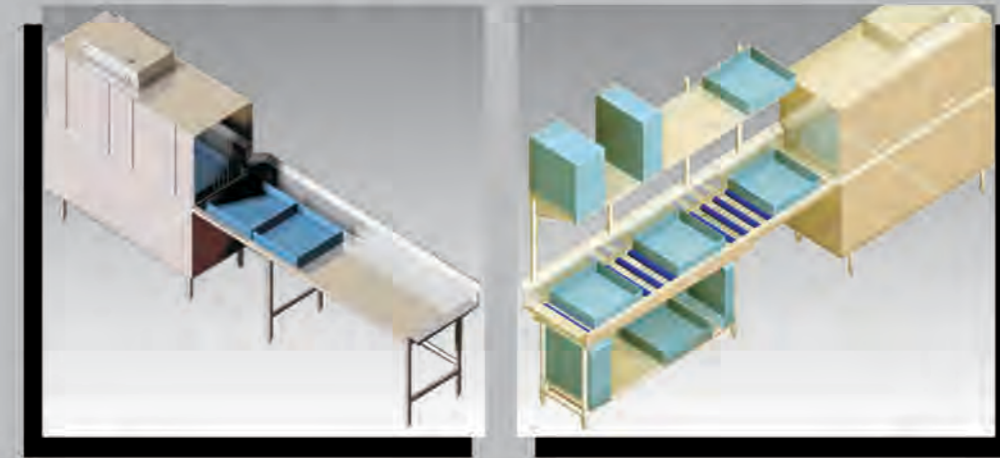

**Aerowerks** provide straight roller table of any length.

## DESIGN FLEXIBILITY

We are flexible, Plenty of options available depending upon customer needs and budget.

**Aerowerks**: can provides overhead and under shelf options, to use the maximum area of dish room.

- **Aerowerks** clean dish tables have removable roller sections, which can be easily lift up or out to allow quick wipe down.
- **Aerowerks** provides slope in the drip pan of clean dish table, which results in easy drainage of water.
- **Aerowerks** Clean Dish Tables are available with and without rollers depending upon the customers needs and requirements.
- **Aerowerks** can provide straight, 90 turn and 180 turn clean roller tables of any length suitable to customers area and volume.

**Aerowerks**: Clean Dish Roller Table results in less wear & tear due to less friction between racks and rollers.
