MANUFACTURER SPECIALIST PIONEER SINCE 1968

Founded in 1987, ACFRI, a family business specialising exclusively in blast chilling and deep-freezing, has become the French market leader in a short space of time.

Completely renovated between 2017 and 2019, the ACFRI factory located in Bondoufle (91), near Paris, has a modern and automatic tooling of more than 5000 m².

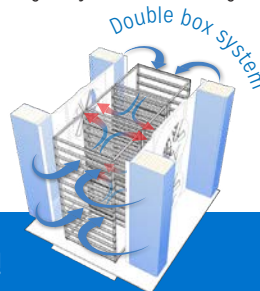

ROBOTIZED, FLEXIBILITY AND PRODUCTIVITY

ACFRI blast chiller freezers have used the same unique technology since 1968:

- Vertical tube evaporators
- Homogeneity of vertical blowing
- Horizontal directional fins

SIMPLY III controller and multipoint probe included on all models

ACFRI IN VIDEO !

Discover the ACFRI factory in video by flashing the QR code.

EXTENDED RANGE 4 ADAPTED RANGES, OVER 100 MODELS FROM 10 KG TO 15 TONS
